Kent Crash Fatal To Two Persons

ALLIANCE, Ohio (AP) — A Georgia woman died in Alliance City Hospital early today, raising to two the death toll in a collision of a pickup truck and a semi-trailer near Kent.

Mrs. Lottie M. Gay, 56, of Marietta, Ga., died about 10 hours after the collision Thursday night at the intersection of U.S. 224 and Ohio 225.

She was a passenger in the pickup truck driven by George Clark, 77, of Akron. Clark died in the Alliance hospital within an hour after the crash.

Jules Sims, 36, of Atlanta, Ga., riding with Clark and Mrs. Gay, was reported in fair condition at the hospital today.

Lon D. Bolls, 65, of Rochester, Pa., driver of the semi-trailer, was treated and released.

charred debris of the three-story plant Thursday night.

Great clouds of multi-colored smoke—at one point it was a brilliant orange—rolled over the city as chemicals in the plant burned. Streets were littered with glass from windows shattered by the force of the explosion.

Lucky To Be Alive

"I'm damned lucky to be alive," commented Wilfred C. Lauer, manager of a grocery store across the street from the plant. The plant was located on the east bank of the Maume River. The downtown area is on the west bank, less than a quarter mile away.

Lauer said he and a customer fled the store after one minor explosion inside the plant. When an alarm stopped ringing, the grocer said he returned to his store.

Then, "There was a terrific explosion. . . There was debris flying. . . The building just collapsed," he added.

Plant Went 'Boom'

In a nearby office building, 73-year-old Charles Bigley said he was walking away from his desk near a window when the chemical plant went "boom."

Bigley said the blast "just lifted me up. For a minute or two I couldn't breathe."

Window glass sprayed his desk, he said, adding:

"The good Lord was with me that time."

The Cause of the Blast?

"It could have been caused by a lot of things. . . We may never know," said R. H. Baldwin, company chief engineer.

Officials declined to estimate the amount of damage.

Sagged Under Force

A building across the street sagged under the force of the explosion. Homes were jolted, cracking plaster, floors and ceilings. Police and firemen evacuated families from the area when fumes and the possibility of additional explosions threatened the area.

William Cowell was knocked flat as he walked several blocks from the plant. He was reported in serious condition at St. Charles Hospital.

Others reported being thrown violently to the ground or against walls or other objects.

Some of the chemical company's employees were attending a safety meeting in the plant cafeteria. They were second shift workers who reported early for the weekly safety program.

Suffered Only Bruises

One of the workers, 33-year-old Herbert Frisbee, suffered only minor cuts.

Among the dead was Gerald W. Hickey, who had gone to work for the company only a few months ago, moving here from Providence, R.I. Other dead included Carl Griesinger, 25; Winfield Bowman, 51; Harry McCord, 65; James Fincher, B. A. Pedigo, W. T. Hamilton, Robert Wombold and Charles Staph, all

The fire that followed the blast burned out of control for more than three hours. It was another five hours before the wreckage cooled enough to permit the search for victims.

Royal Laotian Troops Flee Rebel Advance

Pro-Red Forces 100 Mile Beyond Cease-Fire Line

VIENTIANE, Laos (AP)—Royal Laotian troops were reported fleeing across the Mekong River into friendly Thailand today as pro-Communist forces seized Houei Sai more than 100 miles beyond the cease-fire line.

The Red rebels drove forward to capture the government outpost on the Mekong border and complete their occupation of the whole of northwest Laos in defiance of a demand from their neutralist ally Prince Souvanna Phouma, to halt their offensive.

The shattering of the year-old truce raised growing concern in the U.S. government, which has been pressing Prince Boun Oum's anti-Communist Vientiane regime to come to terms with the neutralists and Red-lining Prince Souphanouvong and form a national unity government.

Hope To Check Red

Officials of the Kennedy administration still held hopes the pro-Communist Pathet Lao forces would be checked. But informants in Washington said some U. S. forces conceivably could become involved in Laos if the Reds try to overrun the whole of the jungle kingdom.

The Vientiane defense ministry announced the pro-Communist forces moved into Houei Sai today after overrunning government troops fighting a rearguard action Wednesday.

American military sources said government troops were crossing the river into Thailand Thursday night but added, "We don't know exactly what happened then."

Bar Seeks Changes In Court System

TOLEDO, Ohio (AP)—The Ohio State Bar Association has launched a move to bring major changes to the state's court system.

The plan was disclosed here Thursday by the association's Council of Delegates, meeting as part of the state bar's annual convention.

The plan—which probably will go on the ballot in November 1963 as a proposed constitutional amendment — would streamline court operations and give greater power to the Ohio Supreme Court.

It is the result of nearly four years of work by the Bar Committee on Judicial Organization, headed by Earl F. Morris of Columbus, a former Bar Association president.

"The program would utilize existing manpower more efficiently," Morris said in an inter-

Light Punches Hole Through Steel

U.S. Experiments With 'Death Ray'

HUNTSVILLE, Ala. (AP)—Imagine a small beam of light so intense that when aimed for a split second at a piece of steel it punches a hole through the metal.

Sound like the disintegration-ray guns of the comic strips?

Experiments of that sort are being conducted at Redstone Arsenal in a research laboratory of the Army Ordnance Missile Command.

Substitute an attacking enemy missile for the piece of steel, and the reason behind the Army's interest in the light becomes apparent.

Some sources say the ray may be developed into a reliable anti-missile weapon in 20 years or less.

It is known as the Laser—short for "Light Amplification by Stimulated Emission of Radiation."

Laser beams have been used in eye surgery to weld a detached retina back into place.

At Redstone the work is under direction of William B. McKnight.

"The Laser produces light not like the sun, but stimulates the atoms of the Laser material to

radiate light coherently—light that is much better behaved than with other means," says McKnight.

A typical piece of Laser material is a synthetic ruby rod about half an inch in diameter and four inches long. It is inserted in the center of a spiral lamp, or light bulb. The ends of the rod are coated with a silver paint, one more heavily than the other.

When the lamp is flashed it emits a bright light that excites chromium ions in the ruby and causes them to go to a higher level of energy.

Electromagnetic waves pulsating through the rod stimulate the ions to amplify the light and radiate it from the end of the rod which has the lesser amount of silver on it.

The light, radiated at high frequency, passes through a lens which focuses it, creating a powerful concentration of energy.

Officially, the missile command does not acknowledge that it is primarily interested in the Laser's potential as a "death ray."

Portuguese Police Arrest Demonstrators

87 Students Held; Vow To Continue Hunger Strike

LISBON, Portugal (AP) — Police swept into the University of Lisbon at dawn today and arrested 87 student hunger strikers and more than 900 sympathizers in a crackdown on university demonstrators.

At a professor's urging, the demonstrators put up no resistance. But the hunger strikers, spearheading a boycott of classes by nearly 5,000 other students, vowed to continue their fast until Premier Antonio de Oliveira Salazar's dictatorship gives in to their demands.

Carried Off In Buses

The demonstrators, including other students, parents and friends of the fasters, were carried off in buses to police headquarters for interrogation. Those detained were offered breakfast. The hunger strikers—who include eight girls—refused.

"We will carry on the hunger strike, wherever they carry us to," a spokesman told newsmen. "No one can make us eat against our will."

The hunger strikers had shut themselves in the university canteen since Wednesday to press their demands for less government interference in university affairs and for return of privileges taken away for earlier demonstrations. Four doctors stayed with them.

Police armed with machine guns and tear gas mortars Thursday surrounded student association headquarters in Lisbon and Coimbra, 110 miles to the northeast, where a similar strike was in

Estes Probe Hearings Set In Month

WASHINGTON (AP)—Senate investigators said today they hope to launch within a month their public hearings on Texas financier Billie Sol Estes and his dealings with government officials.

The wide scale inquiry by the Senate Investigations subcommittee is laden with potential political dynamite.

The subcommittee has more than a dozen agents in the field now trying to sift fact from fiction in tracing Estes' financial manipulations. Chairman John L. McClellan, D-Ark., maintained silence on details of what they are finding.

The subcommittee seeks to learn whether influence in Washington helped Estes to run up a fortune under the government's farm program.

A Texas court of inquiry has turned up evidence that Estes profited hugely on government grain storage contracts, some unusual manipulations of cotton acreage allotments, fertilizer sales and other areas of the program.

Annual Industry Savings Estimated At \$1.25 Billion

HOT SPRINGS, Va. (AP)—The Kennedy administration made a major move today toward better relations with business by announcing that liberalization of tax depreciation write-offs will be ordered soon.

Unofficial estimates set the 1962 tax savings at about \$1.25 billion for big and little businessmen.

The announcement was made at a singularly appropriate forum—the Business Council, an organization of major industrialists headed by Chairman Roger M. Blough of U.S. Steel Corp., President Kennedy's chief antagonist in the April steel price tussle. Big Steel rolled back its price increases under pressures from Kennedy.

Secretary of the Treasury Douglas Dillon sent the word that the revision is now in its final stages. He said the write-offs will be ordered into effect late next month or in July at the latest.

Depreciation Revision To Aid Entire Economy

"Our depreciation revision as a whole will, indeed, be meaningful to American industry and to the entire American economy."

"Can anyone any longer doubt this?"

The Treasury official gave no actual figures and made no estimate of the amount industry would save—and the Treasury would lose—by shortening the periods in which companies can write off the cost of new machinery and equipment.

But, he said the bigger annual deductions it will permit will take effect in this 1962 tax year, will be usable as a matter of right by all taxpayers, and will apply to machines and equipment already in use as well as to those bought subsequently.

Fowler Asserts Guidelines Rooted In Reality

Fowler assured the business leaders that the guidelines are rooted in reality—that they recognized the more rapid obsolescence of industrial equipment in an era of changing technology.

He left no doubt that the new rules will go into effect regardless of the fate of the tax credit legislation, and disclosed also that:

The new rules will be vastly simpler than those set forth in the Treasury's existing, 20-year-old Bulletin F. Instead of specifying official useful lives for 5,000 separate items, there will be only a handful of broad classes of items for each industry.

The new schedule will not cover

Depreciation Rate Not Subject To Challenge

And as long as a company's depreciation reserves do not become inordinately high—which would be an indication that old equipment is not being replaced as contemplated—the depreciation rate will not be subject to challenge at any time.

A company using the new schedule will not be questioned for a long period of time, Fowler said, even if its depreciation reserve grows large. The revenue service will act only when, after a period of years, it appears that equipment is not being replaced as rapidly as the company claims.

The council, meanwhile, awaited expected optimistic forecasts by industry's own economists of strongly rising business activity through 1962.

The findings were made for the council by a panel of a dozen in-

Secretary of the Treasury Douglas Dillon sent the word that the revision is now in its final stages.

He said the write-offs will be ordered into effect late next month or in July at the latest.

Dillon, detained in Washington by congressional hearings, was unable to attend today's opening session of the Business Council's spring meeting. Undersecretary Henry H. Fowler read Dillon's speech at the closed-door session, after giving copies to newsmen.

As if in direct reply to those who have charged since the steel battle that the Kennedy administration is antibusiness, Fowler told the 100 assembled corporate heads:

His words dispelled suspicions a voice in some quarters that there would be only a token liberalization, or that the prospect of faster depreciation was being used merely as bait to induce businessmen to support the other key elements of the administration's tax program—the bill providing a tax credit for investment made in modernization.

Together, Dillon has declared, the twin tax measures will give U.S. industry a better tax break than their long-envied foreign competitors. And, he has said, they should stimulate the kind of plant improvements that can bring American exporters closer to cost equality in world markets.

factory structures, warehouses, or other buildings, Fowler said, because the Treasury wants to see whether Congress passes proposed legislation closing what he called a loophole in the tax treatment of gain made on the sale of depreciable property.

If Congress does close this loophole, the Treasury will go ahead with revisions of Bulletin F covering buildings, Fowler assured the businessmen.

Any business which has been able to prove to the Internal Revenue Service that the depreciable life of its equipment is shorter than those set forth in the new guidelines will be permitted to use the shorter period of write-off, he said.

The forecasts were reported without fanfare last week to the President's Council of Economic Advisers in Washington, which concurs in the optimism but suspects that sales and production may go even higher than the industry estimates.

Mortimer, it was learned, will pass these conclusions on to the council headed by Roger M. Blough, board chairman of U.S. Steel Corp.

Production this year will hit a record \$560 billion total and will

LAYOFF PREDICTED

CLEVELAND (AP)—Cleveland Safety Director John N. McCormick estimates he will have to lay off 1,100 persons next year if sufficient funds for operation on his department are not provided.

He made the comment Thursday as he studied the effects of the rejection by voters of the city tax levy in Tuesday's election.

He said layoffs would include 250-300 policemen, 200-225 firemen and about 600 civilian employees.

Moment of Reward

By HAL BOYLE

NEW YORK (AP)—My daughter Tracy, who will be 9 years old next month, looked up from her peanut butter sandwich at my wife Frances and observed: "You know, you've been a wonderful mother to me over the years."

It was so unexpected that my wife almost sliced off part of her hand instead of the bread.

"What did you say?" she asked. "I said you've been a wonderful mother to me over the years," replied Tracy, calmly taking another bite of sandwich.

"Well, may I ask what brought on that remark?"

"Nothing. I was just thinking,"

said Tracy, and went outside to ride her bike.

Well, after she had left, my wife didn't know whether to laugh or cry, but the rest of the day she walked to the music of invisible bugles.

Parents are so used to being taken for granted that when a child simply and without self-consciousness states its debt of gratitude they are overwhelmed. It is as if a small tree should suddenly find a voice and thank the sunshine falling on its leaves.

But it is in such offhand moments of reward that one feels how profoundly worthwhile parenthood is.

When Frances later relayed to me the story of our daughter's praise, I had almost a feeling of envy.

"Do you suppose Tracy will ever tell me I've been a wonderful father to her over the years?" I asked.

"Could be," said Frances lightly. "It's a strange world."

In the mutuality of home life a parent can learn a lot from a child. And my observation of my daughter has led me to the conclusion that growing up today is a much more complicated process than it used to be.

Being a child in the old days was comparatively easy. All you had to do was arise before dawn, milk a thousand cows, then swim four miles to school with your baby brother on your back. After

SCIENCE HEAD—Dr. Frederick Seitz, 50, has been elected president of the National Science Foundation. Seitz, chief of the physical department of the University of Illinois, will succeed retiring Dr. Detlev W. Bronk on July 1.

studying your ABC's, you swam the four miles back home, this time with your baby brother in your teeth, plowed 187 acres and went to bed.

Nothing to it. It was as simple as that.

But a child today leads such a scheduled life it requires a parent to become a secretary as well as a chauffeur in order to fulfill all the obligations.

It seems to me my daughter never has any time in which to pause and merely be a child. The industry of growing up keeps her endlessly busy.

She merely thinks I'm trying to be funny when I tell her: "Don't be in such a hurry to be an adult. It's more fun to be a child now than later."

But I'm really not joking at all. Every parent probably has a wistful wish for his children to enjoy childhood as long as possible, and to postpone the pain of growing up. Yet every child eagerly hurries onward to hurt. They can't wait to grow up gradually.

Teachers Hired At Leetonia

4 New Ones Signed;
3 Others Resign

LEETONIA — Four teachers were hired when members of the Board of Education met Wednesday in Orchard Hill School.

Miss Margaret Shutch, a graduate of Westminster College, was hired to teach business education in the high school; Miss Hildegarde Kropat, a graduate of Glasgow College, will teach in the junior high school; Mrs. Joan Wilson, graduate of Kent State University, will teach special education and Miss Joyce Morris, a Kent State University graduate, will teach in the primary department.

Resignations were received from three teachers, Miss Mary Feock, Mrs. Norma Crowl and Mrs. Katherine Patterson.

All athletic coaches were rehired, as were custodians, cafeteria workers, secretaries, bus drivers and the school nurse.

George Yoder reported that 146 had participated in the evening adult education courses offered the past year and that several additional courses are being contemplated for the new term.

A low bid of \$399.43, one of six submitted, was awarded to Spallholt's Hardware for 414 gallons of paint.

Permission was granted to the Hot Stove Baseball League for use of the school ball field for the season. It was announced that county welfare workers will be used for clean-up work of school properties this summer.

Cars for the driver training course will be furnished by Woolley Chevrolet Co. of Leetonia and Shaffer Ford Co. of Salem.

A policy of sick leave for school employees was approved by the board and shelters for students who ride the buses was discussed.

Royal army units had fought a five-hour battle with the on-coming Pathet Lao troops at Thap, 20 miles north of Houei Sai, but failed to check them, the defense ministry reported.

Reports reaching Vientiane indicated Houei Sai, last government outpost in the northwest, was given up without a fight.

Advance 100 Miles
The Pathet Lao, backed and armed by the Soviet Union, North Viet Nam and Red China, surged forward in a lightning offensive that advanced more than 100 miles in five days after the capture of Nam Tha, provincial capital near the Chinese border.

Banker Eludes Patrol Charge In Court

EAST PALESTINE — Frank L. Goebel, vice president of the North Lima Bank, was found not guilty in County Court here yesterday on a charge of passing another motor vehicle at a Rt. 7 railroad crossing.

He was cited into Judge Herbert Arfman's court after the Highway Patrol Plane spotted the violation from the air. Goebel appeared in court with an attorney and proved to the court that the car in question was not his.

In other cases, Wayne D. Longanecker of Washingtonville and Lucille Baer of RD 5, Salem, were fined \$10 and costs for speeding. Horace R. Robins of New Waterford was fined \$5 and costs for failure to stop in the assured clear distance and Margaret Price of Lisbon was fined \$15 and costs for reckless operation. Gerald R. Hawkins of Columbiana was fined \$10 and costs for driving left of center.

EAST PALESTINE — David B. Dickson, an East Palestine attorney, was installed as president of the Unity PTO when the group met Thursday night at the Unity School. He succeeds Mrs. Louis Dangh.

In other business, final arrangements were made for the folies to be presented next Friday at 7:30 p.m. at the school. The cast is made up of 50 persons.

County PTA Council Has Installation

Mrs. Vernoica Wolski of West Point was elected president of the board of managers of the Columbiana Council Area PTA Council at a meeting Thursday night at Salineville High School.

Other officers elected and installed were: First vice-president, Loren Ruff, elementary supervisor of Columbiana County; James Steiner of Cannons Mills; third vice-president, Mrs. Margery Kinsel of Wellsville; corresponding secretary, Clayton Aughinbaugh of Calcutta; recording secretary, Mrs. Phyllis Frantz of West Point; treasurer, Mrs. Marie Curry of Wellsville; historian, Mrs. Natalie Lewis of Wellsville; parliamentarian, Thomas Doherty of East Liverpool.

President Margery Dyser of Wintersville, who conducted the meeting, reported that the all-time high of 16 PTA units in the Council is indicative of a successful year.

The nominating committee was composed of Aughinbaugh, chairman; William Wilson and Mrs. Beulah Franklin, both of East Liverpool; Mrs. Lewis; and Mrs. Ruth Green of Beaver Local School.

Guests from Alliance at this final meeting of the school year were Mrs. Dorothy Elliott, eastern district director of the Ohio Congress of PTA, and Mrs. Betty James, past director.

Plans were made by the 40 present to hold the annual school of instruction in September to acquaint new officers with their duties.

Infirmary Order Extension Sought

LISBON — Columbiana County commissioners today sent a letter to the state fire marshal requesting an extension of the state's order to repair or tear down decrepit buildings at the Columbiana County Home.

The commissioners reported on the defeat of the county's 8-mill operating and 7-mill infirmary levies at Tuesday's election and requested more time to decide what to do as a result.

The commissioners also sent letters to all office holders in the county, ordering them to operate within the appropriations released to them April 1.

They authorized payment of \$29 to East Liverpool for 58 dogs destroyed there last month.

The board's next meeting will be Monday from 10 a.m. to 4 p.m.

view. "It would unify all courts into one for better administrative handling."

Major objectives include creating a single court in each county and placing control of those courts under direct supervision of the Ohio Supreme Court.

The present name of Common Pleas Court would be retained, but this court would merge with all other county courts.

Another provision calls for all salaries to be paid from the state treasury and for all judges to receive the same pay, regardless of the county size or population.

"Since judges could be assigned more easily to overburdened counties where they are needed, they should get the same pay," Morris explained.

No judge may run for re-election upon reaching the age of 70, under the proposal, but former judges with 10 or more years service could be assigned for temporary duty by the Supreme Court.

Those judges now performing duties handled by courts lower than Common Pleas, such as Municipal Court, would be called associate judges and elected on a county-wide basis.

RECORDER ISSUES REPORT

LISBON — County Recorder Richard G. Brian reported that his office recorded 293 deeds during April, and filed 956 and recorded 747 instruments.

It recorded 250 and cancelled 180 real estate mortgages, and filed 910 and cancelled 723 chattel mortgages. The office collected \$2,388.55 in fees during the month.

Progress Revealed On Acquiring Land For Lisbon School

LISBON — School Supt. Russell Armitage today reviewed the school board's progress in acquiring property near McKinley School for playground use.

The 14-room addition to the school is being constructed on the former playground.

Armitage said some property had been acquired, but the Board of Education felt it would be detrimental to the village's interest to release information on the purchases until all the needed property has been secured.

He said the board has purchased one house, which may be used as an administrative building. This would release many of the overcrowded facilities in the schools for other uses and provide much-needed space for school supplies.

However, he said, the use of the house will depend on its layout and condition.

Armitage said construction of the McKinley School annex is progressing well ahead of schedule.

A federal grand jury indicted Estes for fraud in connection with chattel mortgages he was charged with selling on nonexistent fertilizer tanks. The department has canceled his 1961 marketing allotments and levied \$554,162 in marketing penalties against him for alleged illegal dealings in cotton acreage allotments.

The names of several Congress members and officials of the Agriculture and Labor departments have bobbed up publicly in the course of the various investigations of Estes. Four grand juries in Texas are investigating him now, and the House subcommittee on interdepartmental relations said it may start an investigation next week. Its authority is far more restricted than is McClellan's group.

McClellan announced Thursday that while aides are investigating Estes, the subcommittee will resume Tuesday its interrupted hearings on alleged pyramiding of profits on government contracts for the design and manufacture of missiles.

reach a rate of \$570 billion in the final quarter.

The economy will still be on the rise at the year-end. This virtually assures a recovery phase of at least two years from the bottom of the recession in February 1961.

The private economists look for a near-year-record auto year, a possible expansion of corporation's planned investment in plant and equipment and a pickup in homebuilding which will stimulate sales of household equipment and appliances.

The President's economic advisers — Chairman Walter W. Heller is an invited guest of the Business Council here — still cling to their hope of a \$570 billion production year, but they concede the January-February hesitation may have set back their timetable.

TO ADDRESS RUTITANS

EAST LIVERPOOL — Municipal Court Judge Samuel Chertoff will be guest speaker Monday at 7 p.m. at the East Liverpool-Calcutta Rutitan Club meeting at the Calcutta Grange hall. The club will also discuss its annual award for the "woman of the year" which will be presented at a ladies night program June 11.

Mental Illness Traits Discussed At County Meeting

Everyone has within him traits which when thrown out of balance can make one mentally ill, a Worthington psychiatrist told 75 members of the Columbiana County Mental Health Association Thursday night.

Dr. George T. Harding Sr. traced the treatment of mental patients from early times to the present at the 6th annual dinner meeting at the Columbiana Methodist Church.

"Even in the early days, there was good treatment of the mentally ill because someone cared," Dr. Harding said. New drugs are now helping in the fight against mental illness, he pointed out. Calvin Young of Cincinnati, executive director of the Medical Health Federation in Cincinnati, introduced the speaker.

Juvenile Court Judge Louis Tobin presented plans for establishing a mental health clinic at Lisbon for county people. The drive to raise \$20,000 toward this project will open in September.

Judge Tobin said that \$40,000 more will be available from state funds. Atty. Warren Bettis of Salineville is publicity chairman.

A new constitution, presented by Mrs. Victoria Hum of Lisbon, committee, was adopted. Mrs. J. Donald Thompson of East Liverpool, president, conducted business session.

Attending from Salem were Mr. and Mrs. Bryce Kendall, Mr. and Mrs. William Weir, Mrs. Judy Butcher, Mrs. Winifred Byers, Miss Lillian R. Schroeder, Mrs. D. M. Fadely, Mrs. Robert Davis and Mrs. Mary Catherine Donahue.

progress.

During the night a crowd of sympathizers grew on the Lisbon campus outside the canteen where the fasters were held up. It was a warm night and many sprawled on the lawns and serenaded.

Acting University Rector Goncalves Rodriguez and the university senate cleared the way for police action. Declaring they had not the means to maintain order, they turned the campus over to the government.

The student demonstrations began last March after Education Minister Lopes de Azeite banned World Student Day celebrations. He claimed they were Communist inspired.

The student defiance seems to have been heightened by the recent growth of open opposition to Salazar's regime. This has been greatly aggravated by India's seizure of Goa and two smaller Portuguese enclaves on the Indian subcontinent and the rebellion in Portugal's West African territory of Angola.

TAKING STOCK

JOHN B. JOYCE, III, is one twelve-year-old with a head for business. John, son of a Columbus, O., broker, decided one day to buy some stock and he chose Chesapeake and Ohio. He purchased the stock from earnings made cutting grass. Now that he was a stockholder, John had to attend the stockholders' meeting in White Sulphur Springs, W. Va., to find out if his \$4-a-year annual dividend was safe. President Walter J. Tuohy told him it was. John had a fine time.

The Doctor Says

By Dr. H. T. HYMAN

Questions and Answers

Q—Is there any truth in the axiom "An apple a day keeps the doctor away"? I was brought up on it. But, my children insist it is an old wives' tale.

A—Score one then for old wives' tales. For the results of a three-year study made at Michigan State University showed that 1,300 students volunteers who ate an apple a day had one-third fewer respiratory infections than those who did not eat their daily apple. And, one-sixth as many disorders caused by tension.

Q—My 10-year-old son has very heavy bosoms. He is chubby and

overweight, but otherwise normal in every way. My husband is very much concerned and thinks he ought to have gland treatments before he develops any tendencies that might have a bad effect on him later in life. What would you advise?

A—Many adolescent boys have a temporary enlargement of their breast tissues that usually disappears without treatment in a year or so. If your boy is otherwise normal in every way, as you suggest, it would be well to ignore the condition lest the boy becomes self-conscious about his appearance.

At a recent survey in a Boy Scout camp, more than one-third of the lads examined had varying degrees of breast enlargement. Only where the enlargement is persistent and extreme is treatment required. And then, surgical correction is recommended since gland therapy may produce disturbances beyond the target area.

Q—Can weight reduction be accomplished without diet by means of pills or tablets?

A—It depends on the composition of the medication. If you have a thyroid deficiency and your doctor prescribes corrective doses of thyroid extract, you will lose weight as your basal metabolic rate rises to normal. And, if you have a heart condition and your tissues are waterlogged, you will lose weight until the water content of your tissues approaches normality.

But, if you have normal thyroid and cardiac function, weight loss will not occur with these drugs, and they will, sooner or later, produce untoward effects not to your liking.

And, if you are referring to nonprescription drugs that are nationally advertised or sold by door-to-door sales persons, you may be interested to learn that the Food and Drug Administration has just filed a suit in Denver, charging misbranding of tablets. U.S. marshals seized a quantity whose claim of appetite control and weight reduction "without drastic diet changes" the Government held to be "false and misleading."

Class A District Meet To Be Held Here Tuesday

24 Teams To Vie; Braceville Favored

By LYNN BROWNE
News Sports Editor

Coach Fred Cleary's Braceville Bees appear to be the number one choice to steal the N.E.O. District Class A Track and Field Meet crown from reigning champ Columbiana, when the two teams participate in the annual classic at Salem's Reilly Stadium Tuesday.

F. E. Cope, Salem High School athletic director and District Class

County Track Finals Set for 7 p.m. Tonight

Coach Karl Zellers' Salem Quaker tracksters, along with eight other schools vie in the 59th Annual Columbiana County Track Meet tonight at East Palestine. Finals are set to begin at 7 p.m.

A and AA meet director, reports that 24 teams have entered to date.

Other schools entered in the meet are Windham, Garfield, Crestview, Lakeview, North Bloomfield, Aurora, Western Reserve, Springfield Local, Lowellville, Greenford, Lake Local, Sebring, Randolph, Rootstown, Canal Fulton Northwest, Mineral Ridge, North Lima, Badger, Bristol Local, United Local, Leetonia and McDonald.

OF THE TEAMS entered, Braceville has recorded the top marks in eight of the 14 events and second best places in two others. However, Coach Cleary probably isn't letting his charges forget that they had six of the top marks last year and placed third behind the Clippers and Springfield Local.

Ron Hughes, who failed to claim an event for the Bees last year but did cop three seconds, is the mainstay in Braceville's attack, having top marks in four events.

The versatile speedster has been clocked at 22.3 in the 220-yard dash to better runnerup Bob Pratt of Lowellville, last year's winner and the meet's most valuable player, by four-tenths of a second.

Hughes also has the fastest time in the 440-yard dash at 52.4. Also much in the running will be Gordon Phelps of Garfield and Alan Thornton and Don Work of North Lima, who have all been timed at under 53 seconds.

HUGHES' OTHER TOP marks are in the low hurdles and the high jump. In the hurdles, he is the only entry who has gone the distance in less than 21 seconds. His best time to date has been 20.4. Pratt is second best, having a 21.1 effort to his credit.

Hughes also has the distinction of being the only athlete to have gone over the high jump bar at six feet, with teammate Bob Shivers holding the second best mark—5-11. Other top contenders will be Clarence Newhouse of McDonald (5-10½), and Leetonia's Mike Kline at 10-0.

Coach Cleary's Trumbull County thinclads also have firsts in the pole vault, broad jump, 880-

Yankees Invade Cleveland Park

Bombers, Tribe Set For 4-Game Series

CLEVELAND (AP)—The Cleveland Indians get their second chance this season to knock the New York Yankees out of first place. Three Cleveland victories in a four-game series with the Yankees opening tonight would push the Indians into the top spot.

Jim (Mudcat) Grant, who looked good in winning his only start of the year against Kansas City last Sunday, will face right-hander Ralph Terry (4-2) tonight. Cleveland whipped the Yankees two games to one last month and jumped into the top spot.

A steady performance by Jim Perry for a 9-4 victory over the Minnesota Twins Thursday gave the Indians a 5-2 record for their latest road trip and hoisted them to within 1½ games of the Yanks.

Perry gave up home runs to the first two batters he faced—Lennie Green and ex-Indian Vic Power. But Manager Mel McGaha stuck with him and the Commodore weathered the storm. Perry also hit a double and scored a run in the four-run fourth.

Ty Cline rapped three singles to drive in four runs Thursday. His 12RBIs are second only to Willie Kirkland's 17. Jerry Kindall, also with three hits, drove Tito Francona each got two safeties in the Tribe's 13-hit attack. Francona also drove in a pair of runs.

The Twins were ahead 3-0 when Cleveland came to bat in the fourth. With one out, Woodie Held walked and went to third on Dillard's single. A fly ball by Kindall brought Held home. Perry then doubled to left, Dillard stopping at third. Cline singled in two runs, went to second on the throw home and scored on Francona's single.

Cleveland scored four more runs in the fifth. John Romano and Held walked and Romano tallied on Dillard's single. Another run came in on Kindall's single and two more crossed home plate on Cline's single.

Robinson Jabs Fun At Himself About Low Batting Mark

CINCINNATI (AP)—Frank Robinson still can poke a little fun at himself, even if the National League's most valuable player of 1961 is still in a hitting slump.

At an awards dinner given Thursday night by a new Cincinnati organization called Cinsay, the Cincinnati Reds outfielder said:

"This has to be the first time a .200 hitter has ever been honored for anything."

"You know, it's so bad that one of the kids on my knot hole team told me I weighed more than I'm hitting."

Reds Manager Fred Hutchinson followed him, saying, "Robby, you better be hitting better than .200 by the end of the year or we're all in trouble."

It looks like Robby has his batting eye back, however, if the last few games are any indication. In the last five games he has driven in eight runs on seven hits in 19 tries.

The Reds, after a mediocre start in the season, have won 13 games, lost 13.

Their next chance for improvement comes tonight when the Pittsburgh Pirates stop here for the first of a series of three games. Joey Jay, the Reds' winningest pitcher last year, was slated to oppose Al McBean.

Cleveland Blasts Minnesota 9-4; Chisox Dump Senators

By JIM HACKLEMAN
Associated Press Sports Writer

Fresh from a successful road trip and with first place in their sights, the Cleveland Indians now go for broke in a four-game series with the New York Yankees that could prove the most telling of the young American League season.

Sparked by rookie outfielder Ty Cline, the Indians rapped Minnesota 9-4 Thursday and inched to within 1½ games of the front-running Yankees, who had the day off. That was the Tribe's fifth victory in its last seven games.

Light Heavyweight Title Bout Slated In Philadelphia

By GEORGE ESPER
PHILADELPHIA (AP)—Harold Johnson, the National Boxing Association light heavyweight champion, has won the first round of a legal bout with his manager over purses and now has his sights set on Doug Jones in their 15-round nationally televised title bout at the arena Saturday night.

"I feel better now," said Johnson, 33, who had threatened to pull out of the fight if his purse were held in escrow by legal action or if his manager, Pat Oliveri, was allowed to take the manager's share immediately after the fight.

But late Thursday it was decided after conferences among attorneys, a judge and Alfred M. Klein, a member of the Pennsylvania Athletic Commission, that Johnson's 50 per cent share of the purse would not be held up.

But Oliveri's 50 per cent cut will be impounded pending the outcome of the champion's suit to break his contract with the manager and collect \$4,600 which he claims Oliveri owes him from the Eddie Cotton fight last August. A hearing is set for June 4.

Johnson has claimed it was stipulated when he signed the contract for the Jones' fight he was to get his share immediately while Oliveri's would be held up pending disposition of the case.

Johnson and Jones, 25, the No. 1 contender from New York, who has lost only once in 20 fights, finished up the heavy work in their training grind. Both planned loosening up workouts today before Saturday's noon weigh-in.

Sunrise County lost \$95,576 in being disqualified from a victory in the Flamingo and a dead heat in the Wood Memorial this year.

Cline had a pair of two-run singles as the Indians roared away from the Twins with four runs in the fourth inning and four more in the fifth, and also chipped in with another single in Cleveland's 13-hit offensive.

Jim Perry survived an early shelling and went the distance for the Indians, allowing eight hits.

Also in the AL, Early Wynn registered pitching victory No. 294 as the Chicago White Sox beat Washington 3-1. Los Angeles downed Detroit 6-4. Baltimore beat Kansas City 5-2. Boston, like the Yankees, took the day off.

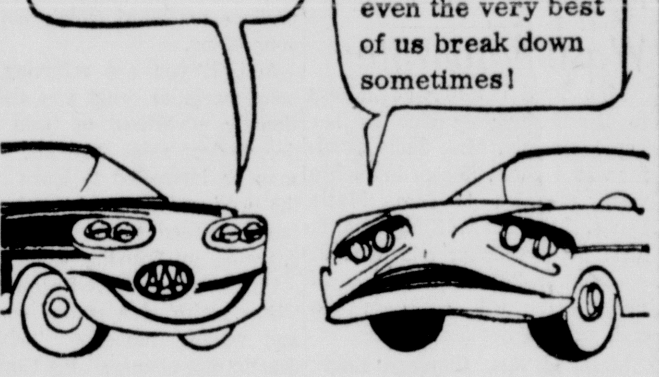

Thursday against the Twins, Perry got bombed for homers by the first two men he faced, Lennie Green and Vic Power, and fell behind 4-0 when Green doubled in another run in the second. But the Indians rocked loser Don Lee, Georges Maranda and Ted Sadowski for their four-run bursts in the fourth and fifth, making it a breeze for Perry the rest of the way.

Wynn (2-1) checked the Senators on seven hits and was two outs away from the 47th shutout of his 22-year big league career when doubled by Dale Long and Gene Woodling produced the Washington run. The White Sox broke a scoreless tie with two sixth and got another run on Al Smith's homer in the eighth.

Ryne Duren, making the fourth save in his last five appearances, stifled the Tigers on just one hit over the final three innings in preserving the victory for Jack Spring and the Angels. Detroit powered to a 4-3 edge in the fifth when Jake Wood smacked a three-run homer and Al Kaline hit his 10th.

But Billy Moran's triple and a single by Leon Wagner tied it in the bottom of the fifth, and Albie Pearson's sacrifice fly brought in the winner in the sixth. Doug Galagher was the loser.

Supported by homers from Jim Gentile and Charley Lau, Chuck Estrada and Hoyt Wilhelm tamed Kansas City batters down the stretch as the Orioles overcame the A's. Jerry Walker was the loser.

Giants Rap Cards 6-0, Stretch Lead to 4

Dodgers Dump Houston 6-2

Milwaukee Edges Pittsburgh 4-3

By MIKE RATHET

Associated Press Sports Writer
Billy O'Dell and Don Drysdale, a pair of talented tossers who serve 'em up from different sides, are headed in the same direction. Each won his fifth game Thursday night with standout pitching performances, maintaining quick starts that could get them into the 20-victory circle for the first time.

O'Dell, 29, a southpaw, boosted San Francisco's National League lead over second-place St. Louis to four games by allowing the Cardinals only four singles while his Giant teammates were pounding out 11 hits for a 6-0 victory.

Drysdale, 25, a right-hander, moved third-place Los Angeles within 19 percentage points of the runner-up Redbirds with a three-hitter, setting down 17 consecutive batters during one stretch of the Dodgers' 6-2 triumph over Houston's Colts.

Only one other game was played in the NL, Milwaukee edging Pittsburgh 4-3 on Frank Bolling's ninth inning homer before 2,746 fans—lowest turnout at home in Braves' history. The New York Mets-Chicago Cubs game again was postponed due to cold. Philadelphia and Cincinnati had an off day.

O'Dell remained unbeaten and hurled his third complete game in a row by baffling the Cards until play was halted by rain with two out in the last of the ninth. It was the first time the Cards had been blanked this season.

The Giants struck for two runs in the fourth inning against Bob Gibson (3-2) on a single by Willie McCovey, Orlando Cepeda's double and a double by Felipe Alou that chased both home.

Drysdale, who has lost once, allowed both Colt runs on homers. Roman Mejias hit his eighth, an inside-the-park job in the first inning, and Carl Warwick got the other with two out in the ninth.

Held to six hits by Bob Bruce (1-1) and Don McMahon, the Dodgers took a lead they never relinquished when rookie Larry Burright tagged his first major league homer after walks to Ron Fairly and John Roseboro in the fourth.

The Braves sent the Pirates feeling to their seventh loss in eight games. Bolling applied the crusher, snapping a 3-3 tie in the ninth with a homer off Elroy Face (1-1). The Braves had pulled even in the eighth when Mack Jones homered after a walk to Howie Fedell and Tommie Aaron's single. Rookie Hank Fischer (1-1), working in relief of Bob Hendley, picked up the victory.

HS Tracksters Look Good In State Track Meet Tuneups

COLUMBUS, Ohio (AP)—Ohio's high school cinder stars, aiming at the state track-field championships May 25-26, have hung up some nifty performances in the spring tuneup meets.

Ed Chay, scholastic sports scribe for the Cleveland Plain Dealer, has kept an eagle eye on the thinclads. He reports that Henry Burlong and Al Payne of Dayton Roosevelt's defending Class AA state kings have two of the top marks, and Robbie Neutzing and Bob Densham of Columbus Whitehall have two others.

Neutzing has a 13-foot 9 1/2-inch effort in the pole vault, just an eighth off the 13-9 3/4 state record set in 1939 by Mansfield's Jerry Linta. Densham's 6-foot 5 3/4-inch high jump is the state's best of the year.

Burlong, the state's No. 1 bas-

ketball player, heads the broad jumpers with 23 feet 6 3/4 inches. Payne's 1:57 is best in the half-mile run, and the Teddies' Lee Calhoun is next with 1:57.1.

The eye-catching performance of the new season was the 4:19.7 mile traversed by Andy Schramm of Cincinnati Deer Park in the Lockland Relays. That's the fastest schoolboy mile ever run in Ohio, and eclipses the state record of 4:24.6 set in 1936 by Bob Curtis of East Cleveland Shaw.

Here are the best performances of the spring season:
100-Yard Dash: Morrow, Cleveland Collinwood, .09:8; Garrett, Sandusky; Barrington, Lima Senior; Wright, Dayton Madison; Druian, Shaker Heights, all .09:0.
220-Yard Dash: Warmack, Cleveland East Tech, .21:9; Wright, Dayton Madison, .22:0; Druian, Shaker Heights; Dyong-

Locals Dump E. Palestine 85-24

3 New Records Set At 9th Grade Meet

Records were falling like rain drops in a summer storm when the Salem ninth graders defeated their East Palestine counterparts 85-24 in a track meet on Thursday evening at Reilly Stadium.

In all, three new records were set and one was tied when Coach Bing Newton's thinclads left the field.

Allen Phillips knocked a full second off the 120-yard high hurdles mark as he sprinted over the barricades in 19.3. The old mark was set last year. Dick Ehrhart and Howard Harold placed second and third, respectively.

DAVE COY SET records in two events. His first undertaking was in the 440-dash where he whizzed past all competitors to finish the event in 58.1, bettering the old mark of 59.0.

In addition to his record in the 440 dash, Coy ran the anchor leg for the record breaking mile relay team. Teaming with Coy were Ron Hofman, an eighth grader, Jim Vaughn and Tom Hutson. The new time — 3:59.3 — replaces the record 4:00.2 set this year against Boardman.

Frank Fitch tied his pole vault record of 9-3 which he set in a high school meet this year. Fitch also set a new broad jump mark this year, going 18 feet.

WHILE THE VERSATILE Fitch failed to go 18 feet last night, his jump of 17-1 was the best in the field. Teammate Dave Birchak placed second and Hofman third.

East Palestine's three firsts were in field events. The junior Bulldogs claimed the discus, the shot put and the high jump.

Hofman and another eighth grader, Ray Seiber, combined with Curt Ritsie and Dave Birchak to win the half mile relay in 1:44.3.

Salem's other five firsts were well distributed. Rick Gregg took the mile run in 5:20.4 ahead of Quakers Joe Ciotti and Mike Sewtve, while Dave Fleischer placed first in the 100-yard dash with a time of 11.2.

CURT RICHENS maneuvered over the low hurdles in 23.7 as Salem topped all three places. Ehrhart came in second ahead of Phillips.

The Quakers also swept all the points in the 880-yard run. Norm Whinnery broke the tape in 2:24.5, with teammates Rick Hippely and Neil Stamp close behind. Greg Johnson won the 220-yard dash with a time of 26.4.

The victory leaves the Quakers with a perfect 5-0 record. Their next and last meet will be next Friday when they travel to East Palestine for a return match.

Kentucky Derby Is Finished But 3-Year-Olds Still Active

By The Associated Press

The 1962 Kentucky Derby has gone into history, but the 3-year-old horses occupy the spotlight again this week as a gang of Preakness candidates prepare for heavy action at New York and Baltimore.

Heading the Saturday racing program is the \$50,000-added Withers Mile at Aqueduct, where George D. Widener's Jaipur meets 10 or 11 rivals in the 87th running of that famous stakes.

At Pimlico, where the 86th running of the Preakness will be held a week from Saturday, Brandywine Stable's Greek Money and Christiana Stable's Smart strut their stuff in the \$5,000 Preakness Prep.

Jaipur is the colt everyone will be watching for a decisive Withers victory could make him the favorite for the \$150,000-added Preakness in spite of the presence of Decidedly, the Derby winner.

His chief Withers opponent is expected to be Charles W. Engelhard's Nassau Hall, a son of Nashua who won the Delaware Valley Stakes last month at Garden State Park. Nassau Hall was not in the Derby, will skip the Preakness, but may tackle the Belmont June 9.
